

Sell Lifesize Share and earn \$100 per device

No dongles. No cords. Just true wireless screen sharing for the meeting room.

From sharing your laptop screen to playing full-motion videos to driving a presentation right from your mobile phone with Apple AirPlay integration, Lifesize Share modernizes how you wirelessly present both in the meeting room and on digital signage screens.

Features

Browser Powered

Present from any laptop using your web browser or Apple AirPlay

Ultrasonic Pairing

Connect your laptop to Lifesize Share through ultrasonic audio waves

Full-Motion Video

Share online videos without stuttering or stammering

Third-Party Party

Not just for Lifesize systems — enable wireless sharing on third-party devices, too

AirPlay for the Enterprise

Apple users can natively access AirPlay without limiting sharing features for PC and Android users

Secure Syncing

Provide a secure, separate wireless connection point for your guests

Quick Change

The multi-user sharing queue keeps the meeting moving forward

Easy to Setup and Manage

Setup is plug and play, updates are automatic and devices are centrally managed

Offer details

Receive \$100 for every Lifesize Share device sold. Offer good through October 31, 2018. No limits to earning potential. Offer cannot be combined with any other offer or NSD units.
